

**Independent Study PT8970
Winter 2018
Oakland University
School of Health Science
Department of Physical Therapy**

Instructor: Kris Thompson, PT, PhD

Email: kathomps@oakland.edu

Office: 3077 HHB

Credit: 1 credit

The purpose of this independent study is to participate in an interprofessional training, design an interprofessional student activity and evaluate the activity.

Course Objectives:

1. Participate in an IPE training workshop.
2. Design an inter professional student education activity
3. Reflect on and evaluate the interprofessional education activity

Readings and Activities:

1. Core Competencies of Interprofessional Practice and Collaboration
2. Attend face to face IPE training workshop to be held on March 16, 2018

Course Outcomes measures:

To be completed and/or turned in to Kris Thompson by April 15, 2018

1. Discussion of the outcomes of the face to face training.
2. Discussion and plan for the IPE student activity.
3. A two - three page paper, double spaced, 11 – 12 point font that includes a discussion, evaluation and summary of the interprofessional student activity with the student evaluation forms included.
4. Meeting or phone discussion with the course instructor on the paper and activities.

Grading: Completeness, detail and correct spelling and grammar in the paper. Follows instructions. Completes all assignments. Grading is Satisfactory/Unsatisfactory.
