Additional Class Policies

Academic Misconduct

Misrepresenting someone else's work as your own or other forms of academic misconduct are serious violations of academic integrity with serious consequences: failure of the assignment, possible failure of the course, and possible disciplinary action through the Office of Student Affairs. We will be discussing writing strategies in this course, but I strongly encourage you to speak with (or email) me if you are having trouble with an assignment. I also recommend the services offered by the Oakland Writing Center (212 Kresge Library, 370-3120). The consultants there are trained to help you resolve your own problems so that your writing reflects your ideas and what you have learned.

Important Dates

A list of important dates can be found on the website of the Office of the Registrar:

http://www.oakland.edu/important_dates

Students should consult this list, especially as it regards information about add/drop, withdrawals from the course, and school holidays. Also, note that as this course is taught at the 100-level, mid-term evaluations of students' progress in the course will be reported to the Office of the Registrar in mid-February.

Late Assignments

Assignments submitted after the deadline will be penalized with the loss of one-third of a letter grade (e.g.: A to A-) for each day late. Examinations will not be rescheduled except in the case of medical emergencies. Students without proper medical documentation will not be permitted to make up missed examinations.

The Cinema Studies has adopted consistent style and formatting guidelines based on the Chicago Manual of Style. All papers submitted for this course should be formatted according to the guidelines found at
